

*Walworth County Master Gardener Association
(WCMGVA)*

The goal of the organization shall be to encourage, foster, support, promote and provide education in horticulture throughout Walworth County while maintaining affiliation with the State of Wisconsin Master Gardener Association (WIMGA) and the University of Wisconsin-Madison, Division of Extension, (Extension).

- Founded 2001
- Monthly meetings, typically held the 2nd Wed. of each month (virtually or in person)
- Most meetings include content that can be used as continuing education credit
- During the summer months we plan field trips and garden tours

And the best part of being a member is meeting other like-minded people who enjoy gardening!
